SENATE RESOLUTION

MADAM PRESIDENT:

I offer the following resolution and move its adoption:

A SENATE RESOLUTION recognizing Heltonville Elementary School for their academic growth identified through the Indiana Growth Model.

Whereas, Heltonville Elementary School is one of the top five elementary schools in the state recognized for their academic growth, as identified through the Indiana Growth Model. Heltonville Elementary was recognized specifically for its growth on the ISTEP+ (Indiana Statewide Testing for Educational Progress-Plus) exam from 2009-2010;

Whereas, The Indiana Growth Model is a powerful tool used to understand the progress of students based on where each individual student begins. The Indiana Growth Model uses ISTEP+ scores in a new way to help parents, schools, corporations, and the state to understand how schools are progressing from year to year;

Whereas, The Indiana Growth Model also provides a common measure to show how much growth the students of each school have achieved. The goal of the model is to focus on the outputs of education and expect progress from all

students, not just those close to passing;

Whereas, The expectation at the Indiana Department of Education is for all students to achieve one year of growth no matter where they start; and

Whereas, Heltonville Elementary is recognized for its demonstrated commitment to the academic achievement of its students: Therefore,

*Be it resolved by the Senate of the
General Assembly of the State of Indiana:*

1 SECTION 1. The Indiana Senate recognizes Heltonville
2 Elementary School for their academic growth identified through the
3 Indiana Growth Model.

4 SECTION 2. The Secretary of the Senate is hereby directed to
5 transmit a copy of this Resolution to Heltonville Elementary School
6 and the Indiana Department of Education.
